PLANICHAPA

Flange — Full-size template

100A JIS 10K

D1 114.3 mm · D2 210 mm · K 175 mm · NF 8 · F 19 mm · THK 16 mm

Print at Actual Size (100%) — not Fit to page. Check the square before cutting.

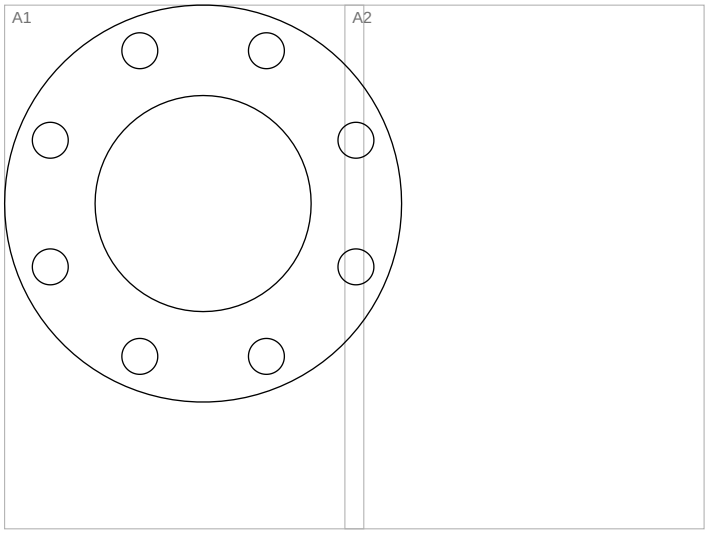

Measure this square: it must be exactly 50 mm wide. If not, print again at Actual Size / 100%.

- Print on A4, portrait, at 100% scale (no “fit to page”).
- Check the 100 mm ruler at the foot of every sheet against a real ruler before cutting anything.
- Trim each sheet at the corner marks and join with 10 mm of overlap, matching the crosses on the edge.
- Sheets run in rows A, B, C… and columns 1, 2, 3…, as in the map below.
- Dashed lines are bends; solid lines are cuts.

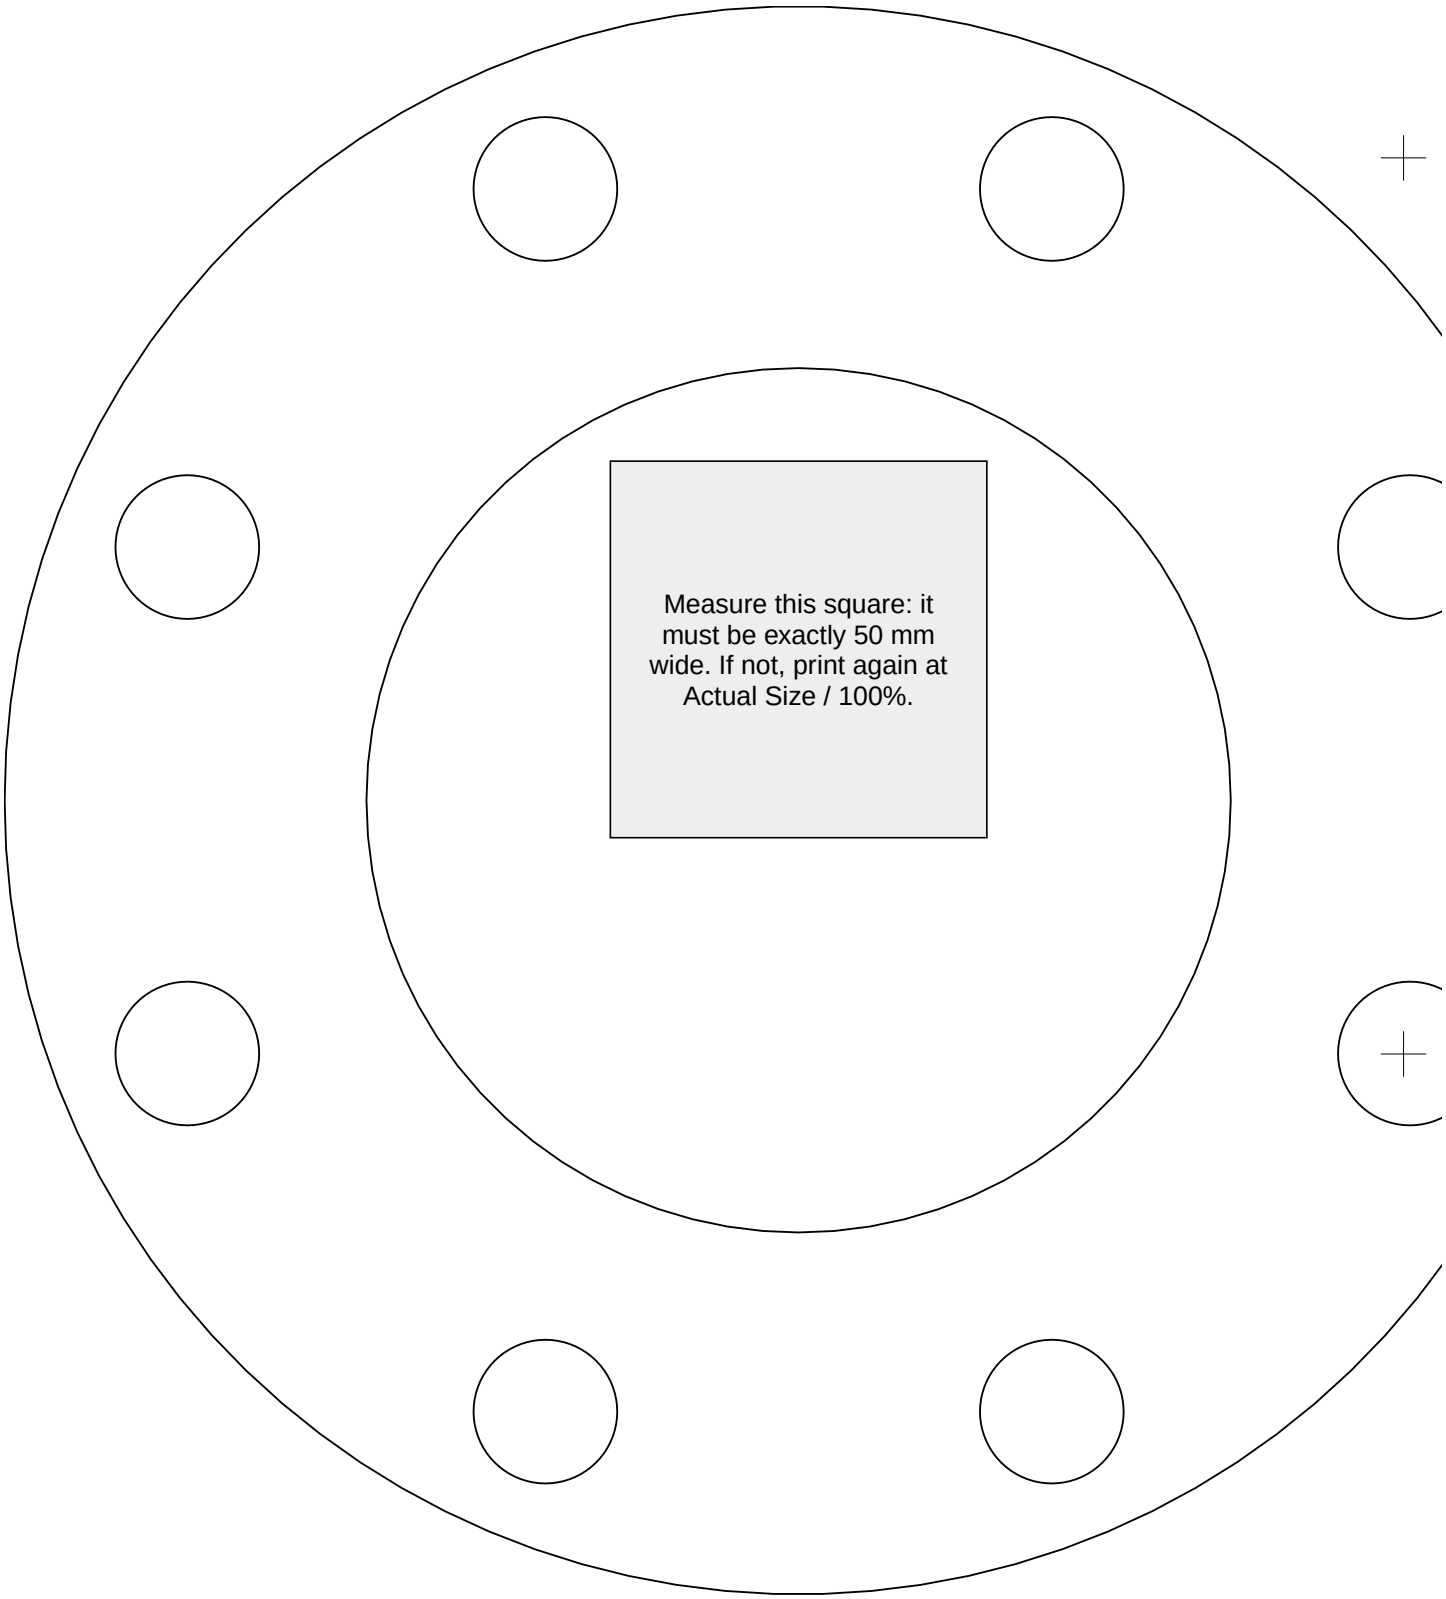

This part on your phone: the drawing, the measurements and the sheets, no account needed.

Sheet map: 2 A4 sheets in all

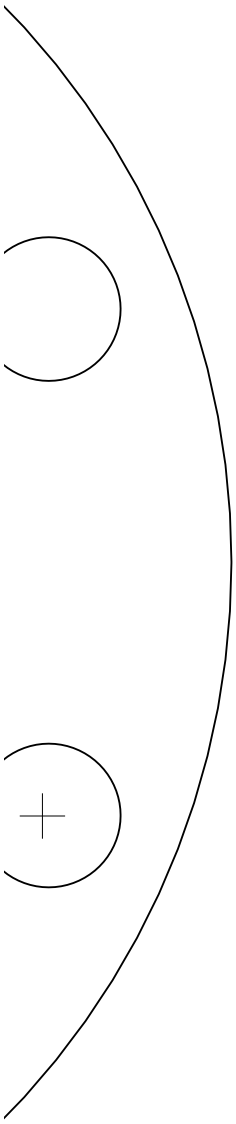

Sheet 1: 210 × 210 mm, on 2 pages

Check the measurements before cutting. This is a layout aid: the final check and the technical responsibility rest with whoever makes the part.

Scale 1:1 — the ruler beside this must measure 100 mm on the printed page
